DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-3 and 8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hamajima, US 5208498 in view of Tourtellotte, US 3536941.

Hamajima discloses a reciprocating motor comprising an outer core 16 having a plurality of single cores 56a and 56b note a plurality of coils in figure 3 and 4. Also, note that insulators 63 separate the single cores. Hamajima does not expressly disclose and inner core inserted into the outer core. In the same field of linear reciprocating motors, Tourtellotte discloses use of an inner core 9, for the purpose of directing the magnet field back to the outer core. At the time the invention was made, it would have been obvious to a person of ordinary skill in the art to add an inner core to the motor of Hamajima. One of ordinary skill in the art would have been motivated to do this route the magnet field back to the outer core.

Allowable Subject Matter

Claims 4-7 and 9-11 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
